

6th International Table Grape Symposium

June 24-26, 2010

ARC Ballroom, UC Davis, Davis CA

Symposium: June 24 - 26, 2010

Technical Tour: June 28 - 30, 2010

New Table Grape Varieties and Rootstocks a Highlight of 6th International Table Grape Symposium:

New Table Grape Varieties and Rootstocks will be featured in a Round Table discussion on Saturday, June 26, 2010, at the 6th International Table Grape Symposium. This discussion will highlight California's public and private rootstock and table grape breeding and cultivar development programs. The series will introduce symposium participants to new table grape varieties from Dr. David Ramming, USDA-ARS, and to recent rootstock releases from the breeding program of Dr. Andrew Walker, UC Davis. The series will also include presentations from the managers of several of California's prominent proprietary table grape breeding and evaluation programs.

Registration for the 3-day scientific program is \$400 prior to the April 30th early registration deadline and \$500 thereafter. Single day registration is \$175 per day. Participants interested only in the Table Grape Cultivars and Rootstocks Round Table should select the box for Saturday, June 26, 2010.

EARLY BIRD REGISTRATION is now open through April 30, 2010 and can be accessed at: <http://groups.ucanr.org/GoGrapes2010/Registration/>
